bridal guide

Congratulations on your forthcoming Wedding!
We have a range of bridal services available for you to tailor make your Wedding Package.

To ensure your day runs smoothly a talented hair & make-up team will make all the difference in helping to achieve your bridal look and to be there to help you organise yourself and your bridal party on that very important morning! Making sure that you can focus on the big day before you!

WEDDING TRIALS

Prior to your Wedding Trial you will have had a consultation with one of our creatives to loosely outline your needs for the day, your ideas and how many people there will be in the hair & make-up party.

For example you could have Bride, two Bridesmaid's and Mother of the Bride/Groom OR you could have Bride, Bridesmaid's, Maid of Honour and little bridesmaid styling...basically whatever you need, we can help.

You can have Wedding Trials for yourself and your party all at once should you wish. We will also go through your skincare routine with you and recommend any products we think may help you prepare for your Wedding.

Wedding Trials

During your Trial you will receive:

- * an extensive face analysis to determine which shades and tones best suit your skin tone, your dress and bridesmaid's dresses and of course the colour theme for your Wedding
- * expertly applied make-up of either just one look or a couple of looks to try your ideas (extra trials can be arranged)
- * comprehensive hair styling again with the option for the bride to try one or two different looks with veil and accessories
- * digital photos for you to examine the looks and whether you would like any changes
- * don't forget your creative will be available for any last minute concerns you may have
- * Other parties in your Wedding Trial will receive all of the above with extensive consultation but will not have the option of trying two different looks.

Wedding Trials can be held in-salon or at your own home, in a group or separately. Whatever arrangement best suits your Wedding.

WEDDING DAY

Your creative will arrive at the agreed time to ensure you are looking your best when your photographer arrives and organise yourself and your hair & make-up party into order to make sure everyone knows where they are needed and when and that the party is ready on time.

You will receive:

- * preparation of your skin through lightly cleansing, moisturising and priming
- * comprehensive make-up application and expert hair styling ensuring your exact look is captured from your trial
- * professional hair & make-up for your bridal party
- * sample amounts of lipstick and powder for all your hair & make-up party for touch-ups during the day
- * sample amounts of hair products and travel size hair-spray

Luxe can also arrange for a photographer to document the moments for you. A fantastic addition especially when having a large party get ready with you. What better way to remember the morning of your wedding.
